

A yearbook is an annual publication that captures and commemorates the events, students, and achievements of a school year. Think of it as a memory book filled with photos, words, and special moments that students can cherish for a lifetime. Key Facts:- Definition: A memory book documenting a school year.

PRINCIPAL'S REPORT

TE PŪRONGO A TE TUMUAKI

At Spotswood College, we are proud to be more than just a school - we are a thriving learning community where every student is known, valued, and challenged to be their best.

As we look back on the year so far, one thing stands out clearly; our students are achieving. Across all year levels, we've seen strong progress in literacy, numeracy, science, and the arts. Our NCEA results continue to place us among the region's top-performing schools, with students gaining qualifications that open doors to university, trades, and employment.

But academic success at Spotswood isn't limited to results - it's about purpose. In our classrooms, students are learning through real-world projects, collaborative problem-solving, and experiences that connect them to their community and the world around them. Whether it's investigating environmental sustainability, launching student-led businesses, or designing digital solutions, our learners are developing the confidence and skills to thrive in a changing world.

This year, we've strengthened our curriculum even further - introducing targeted tutoring, enhancing our pathways to tertiary study, apprenticeships, and investing in more structured support for gifted learners. We've also continued to prioritise teaching that is responsive, inclusive, and innovative.

Outside the classroom, our students continue to shine - in debating, sport, kapa haka, music, visual arts, leadership and service. We're proud of their dedication, creativity and willingness to step up, speak out and stand tall.

Spotswood College is a school that grows potential. With strong values, high expectations and a culture that supports excellence; we are preparing the next generation of leaders, thinkers, and innovators.

To our students, staff, families, and wider community - thank you. Your belief in what we do makes all the difference.

Nicola Ngarewa MEd
Principal - Spotswood College

WE ARE PREPARING THE NEXT

GENERATION OF LEADERS,

THINKERS AND INNOVATORS

A school principal is the head of a school, responsible for its overall operation and educational leadership. They manage the school's staff, set academic standards, and ensure a safe and productive learning environment. Additionally, they handle administrative tasks, communicate with the community, and work with the school board to implement the school's strategic direction.

Kia ora koutou,

Ko Faye Mula tōku ingoa, and I'm proud to be one of the Head Prefects at Te Kura Tuarua o Ngāmotu.

Being at Spotswood since Year 9 has been such a big part of my life. I've grown so much, not just as a student, but as a leader and a person. I still remember when I was having my enrolment interview with Matua Darren in year 8, and I remember telling him that in my high school journey that I wanted to be able to perform on stage and to look forward to new opportunities. Fast forward to now, I am so grateful to have had that support and chance at Spotswood to do what I have always wanted to do.

Knowing my high school journey is ending, I am looking back endearingly on the last 5 years. There have been many highlights and relationships that I will keep in my heart. Some highlights are my journey in the performing arts. Music department with Matua Amstad and Mrs Parker, who have helped me shape the person that I am, with their endless support and relationship they build with their students, I will forever hold what they have taught me. To South Road, my bandmates, whom I am so glad to share the memories, the highs and lows, and the stage nerves. I have loved spending my teenage and last school years performing on the same stage as them. Last but not least, S.A.P.A (Spotswood Academy of Performing Arts), a group of talented, lovely, and encouraging people. I will never forget the nerves on open night, the adrenaline in fast transitions, and the tears shared at closing night.

Another highlight of mine through my time at Spotswood are the educational highlights. I would like to thank all of my teachers throughout my 5 years who have contributed in flourishing my knowledge, challenged me in order to grow, and never failed with showing support and care. No matter the length of time (short or long) I was involved in their classes, I would still like to give my gratitude to these teachers who have taught me throughout my 5 years: Mr Chapman, Mr Giles, Ms Hunney, Whaea Lah, Matua Amstad, Mrs Parker, Mr Moratti, Mrs McKerchar, Mr Abrams, Mrs Smith, Mrs Thomson, Mr Whyte, Whaea Jana, Mrs Wollen, and Mr Moorby, Señora Dingle, and Ms Brodie.

The last highlight of mine is being privileged enough to be the head prefect at Spotswood. Most importantly, I would like to recognise everyone who was involved at Spotswood this year, especially Joel, whom I share this role with. It has been a great pleasure to work alongside you and thank you for being someone who helped make this role a pleasant experience. To the prefects, your hard work and ideas you have implemented to the school, has been rewarding for everyone and it has also been a pleasure to be working with you all. With being Head Prefect, I've loved the chance to give back to our kura through my role, whether it was helping with events (Mellowpuff Athletics and Puanga festival), supporting juniors, or just being someone others can rely on. For the year 13s, as we leave, let us carry faith, hope, and love always.

Now that the 2025 school year is coming to an end, I have learnt that working with our awesome staff and students has taught me heaps about communication, resilience, and teamwork. Spotswood has also helped guide me towards my future, showing me what I'm passionate about and giving me the confidence to pursue it.

I'm really excited for what comes next, and I'll always be grateful for this kura and everything it's taught me. This kura has been a home, and I'll carry its lessons wherever I go.

Ngā mihi, Faye

Faye Mula

Joel Penno

Where to start? 5 years that have gone by in a second. To say my experiences have shaped me to be the person I am today is an understatement. Coming into that hall in year 9 as a skinny little boy unsure of what the future holds for me, to then being in my 5th and final year (a bit less skinny and still little) with clarity of who I am as an individual.

It's hard to condense all the best moments into one small piece of writing, but I'll do my best. I came into Spotswood College excited for an up-and-coming sports system that was keen to develop athletes and support them in their sporting endeavours. I have been lucky enough to have competed in, I'd say more than 60 TSSSA events that have allowed me to create incredible memories. I have also been lucky enough to compete in 4 annual national football tournaments, as well as travelling away to Tauranga for two years of North Island nationals. Shout out the cozy corner.

Not only has Spotswood College supported me in my passion for sports, but they also encouraged me to thrive academically. The staff were very aware and genuinely cared about my development. From completing a Level 1 paper in Year 9 to finishing three university papers by Year 13, Spotswood always supported me and allowed me to extend myself academically.

Finally, the people. The environment and community that Spotswood College has become to me is like no other. I have created friends who will feel like family to me forever. I will miss walking into school and catching up with the staff. Whether it's a full conversation about their weekend or just a bit of banter as we walk by each other, that's a connection that has been created over 5 years that I will severely miss.

5 years of my life, gone in a second. Te Kura Tuarua O Ngāmotu - Spotswood College, I will be forever grateful. There will be no moment in life that can come close to recreating the memories I made here. Thank you, Spotswood College, for everything, Joel

DRAMA

TOI WHAKAARI

This year we have welcomed our Musical Director from Legally Blonde to the staff officially and he has been tutoring the production class in preparation for this year's production of Percy Jackson.

Thank you Simon Mace for your un-wavering faith in our crazy ideas and hours of hard work done in the background.

THIS SHOW WOULD
NOT HAPPEN
WITHOUT YOU.

Very sadly we had to say goodbye to our amazing photographer / videographer, Leith Robertson, who passed away after a sudden illness earlier in the year.

He will be sorely missed as we get into our final rehearsals as he was a constant and calming presence for both staff and students during our most busy time.

We dedicate this year's show to your memory.

Drama - a form of performance that involves conflicts, emotions, and the portrayal of human experiences through dialogue and action

As always the first event of the year was our participation in the Stratford Shakespeare Festival in the last week of term one. This year's play was Romeo and Juliet and we had two groups perform scenes at the TET theatre in Stratford, along with other high school groups from across Taranaki.

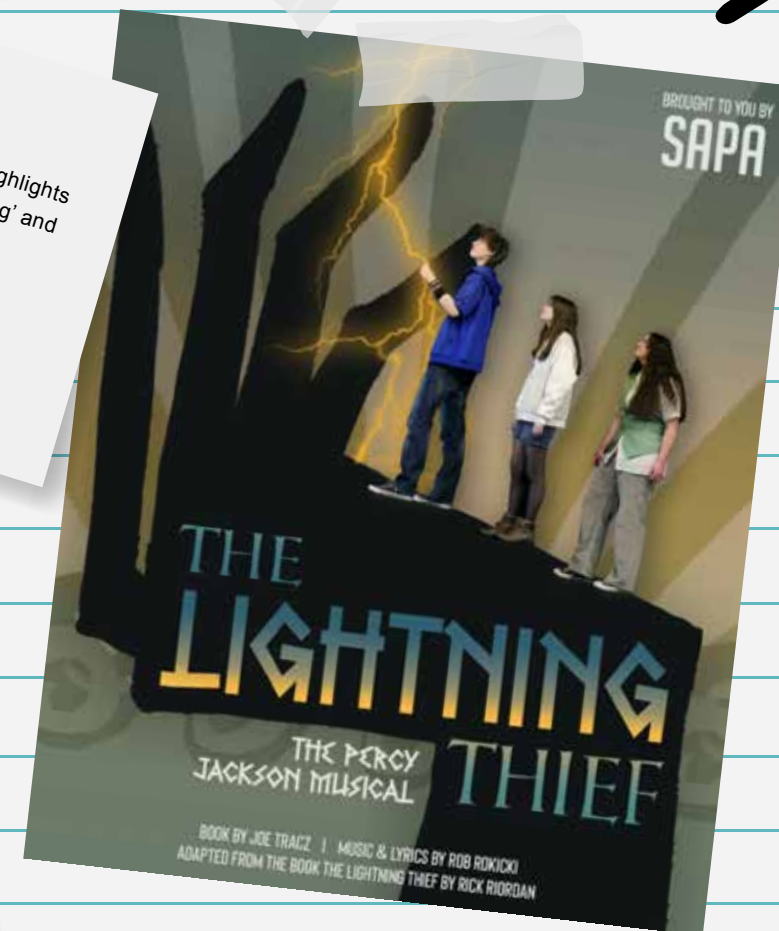

Students were also treated to a free Shakespeare workshop with Laura Irish and this year's 'Ugly Shakespeare' production of Hamlet, both were informative and fun.

We have been to over 12 different performances across the region, highlights would be 'The Play That Goes Wrong' and 'Chicago'.

It was also lovely to be invited to the NPGHS year 13 performance of 'Love and information' by Carol Churchill.

"From script to stage - we
make stories come alive"

Hopefully they will be able to come to our senior performance of 'Charlie and the chocolate Factory' by Bertolt Brecht later in the year.

SCHOOL PRODUCTION

THE LIGHTNING THIEF

THE PERCY JACKSON MUSICAL

It has been a bittersweet year for SAPA with highs and lows ridden by students, staff and whanau alike with humility and kindness. Having secured the rights for 'The Lightning Thief : The Percy Jackson Musical' in December 2024, we were cast and rehearsing by late February and welcoming in several new students from multiple year levels.

We were all rocked by the devastating loss of our dedicated and highly skilled videographer and photographer Leith Robertson who tragically passed away after a short and sudden illness in March. Having said our goodbyes we were proud to dedicate this year's production to his memory and as we got closer to the season his loss was felt by all as we welcomed Keanu Meyer as our new student photographer. Thank you for your skill and efficiency with making these awesome souvenirs available to us.

"All the world's a stage... and tonight it's ours"

This was the first year of our new student led kaupapa which saw the production course launched and tutored by the amazing Simon Mace with the support of the equally amazing Pipa Clarkson. Simon also led the live 5 piece band and was musical director and stage combat choreographer as well. This new venture saw students at the centre, designing, planning, creating and problem solving their way to, what some have said, was the best show by SAPA to date. I believe this ownership shone through during the season as multiple audience members commented on the improved vocals, harmonies and general energy on stage.

The students literally ran the show with us adults left free to stand back and watch on in awe at their maturity and tenacity. They demonstrated the tuakan/teina support that we have worked so hard to encourage in the last 5 years. This has been largely down to our outgoing Yr 13 SAPA members who have been with us since Buggy in 2021.

You will be hugely missed and your mentorship and leadership will live on as a legacy of the lower year levels having gained the confidence and competence that you have demonstrated with such diplomacy and whatawhanaungatanga.

"Showtime!"

"All dressed up with a part to play"

"Light. Camera. Action"

SPECIAL THANKS TO ALL INVOLVED, STUDENTS, WHANAU, SPONSORS AND STAFF. NOW TO DECIDE WHAT TO DO IN 2026!

WORLD SCHOLAR'S CUP

"Team Photo"

The Auckland World Scholar's Cup (13–15 May 2025) featured debating, the Scholar's Challenge quiz, collaborative writing, and the Scholar's Bowl.

Though the first day was mentally exhausting due to the intense quizzes and writing tasks, the second day was much lighter and more social. An especially exciting moment was receiving our free alpaca, Larry!

I had the chance to build new friendships while deepening my connections with my team. At the Scholar's Ball, I enjoyed engaging questions and was able to share my opinions on diverse topics in depth. Preparing for the event significantly sharpened my memory recall.

Overall, the experience combined academic challenge with fun and social connection. I gained stronger teamwork skills, improved my ability to think on my feet, and discovered new topics that fascinated me.

DEBATE

TE WHAKARAU KAKAI

Debate Regionals were held at Whanganui Collegiate High School. This was my second time attending the competition, and I thoroughly enjoyed both experiences.

During the event, our team debated three times, and each motion was intriguing and thought-provoking. The topics were easy to engage with, and we were able to make strong arguments for both the affirmative and negative sides.

The other teams were respectful and even offered us advice after the debates concluded. We won two out of three debates, and the one we lost proved to be the most enlightening. The final team we debated against had a very high standard of debating - their delivery was fast, clear, and well-structured. They challenged us to improve our debating style.

"Debate Team 2025"

"Say Cheese!"

Overall, the competition was engaging, enjoyable and intellectually stimulating.

I gained valuable knowledge from all the debates and developed a deeper understanding of different debating styles.

21st Century education at Spotswood College means engaging in a curriculum that supports our students to be the next generation of innovators and entrepreneurs. Junior Impact Inquiry allows learners to drive their own projects by thinking globally and acting locally. Learners propose and develop a learning inquiry that will investigate and build new knowledge, through questioning, thinking and applying knowledge.

By managing their own projects students are utilizing and developing critical skills such as problem solving, communication, creative thinking, ideation, digital technologies and collaboration. Our Inquiry programme is facilitated by passionate teachers with a wide range of specialist skills such as science and technology, animation and illustration, digital art, business and enterprise, sport science and health, event management, theater and performance arts, music design and production, agriculture, horticulture, apiculture, and naturopathy, media arts, film and photography, and technologies such as jewellery and ceramic design, fabricating wood and metal, industrial design, fashion and food design and production.

This year in Inquiry we trialled a thematic approach where the whole cohort of students learn't about Nga Atua and then applied their learning to various different learning contexts. The creative industries made a very impressive body of work ranging from clay spheres about Hineahuone, mixed media pieces about Tane Mahuta's journey to acquire the baskets of knowledge and Resin mold jewellery about Matariki and Mt Taranaki. The artwork from this class went on display in the Taranaki schools art exhibition at the Collaboration gallery in September this year.

Another highlight of this year was the Community and Recreation class's going out to do Boxfit and MMA training at Box Office and the MMA studio. Students learnt the fundamentals of fitness, training, Boxing and Mixed Martial Arts under the guidance of professional instructors.

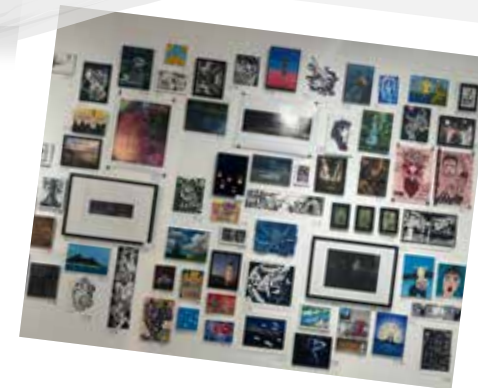

IMPACT INQUIRY PROGRAMME

TE HŌTAKA PAKIREHUA

The business and Enterprise students established a new venture in food recovery using best-before milk to create niche butter in a variety of flavours such as garlic, chilli, and rosemary. Watch this space as it might soon become one of our successful YES projects in the future!

"Don't think outside of the box. Think of what you can do with the box!"

The Primary Industries class spent some time raising chicks this year. Our new chickens live in our purpose-built chook run inside our market garden compound here at Spotswood College.

Also on top of these projects, we also have some ongoing projects which have been started in previous inquiry projects, such as the predator-free trapping project, the beekeepers in the Apiary, the market garden and chicken farm, the orchard, and all the learners in business and enterprise, and creative and primary industries for their mahi in sustaining The Designery.

Well done to all year 9 and 10's and their outstanding effort for engaging in an effort to be real changemakers!

The Koru Programme is a student support, extension and enrichment programme. Once again, 2025 has been an exciting year for all those involved, with a number of off-site and on-site events that students have been able to get involved in.

Aster Danenhauer has been studying through the University of Canterbury this year. Aster completed a paper on Criminal Justice, which looked at the structure of the Criminal Justice system and the role of government agencies such as the police, the court system, and corrections. It even touched on the psychological make-up of criminals! Aster states

"I was able to learn a lot about the justice system here in New Zealand, and the challenges that it faces everyday. I enjoyed learning to write essays and references at a university level. Every week there would be classwork available online, and a lecture to watch - either live or through a recording. More than anything, this course was a lot of reading. It was a very valuable opportunity and I am glad I had the chance to take part."

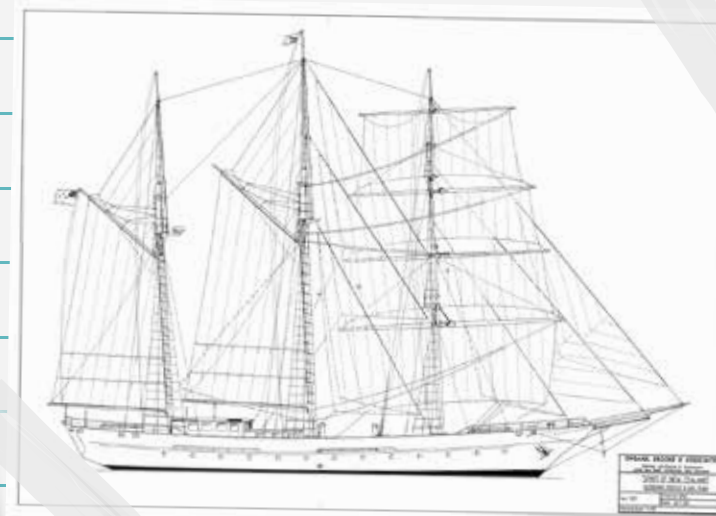

"University of Canterbury"

In October, 5 students (Sophie Maddern, Lila Thomas, Reuben Francis, Eric Spencer and Blake Hill) went on a 5 Day Discovery Voyage on the Spirit of Adventure. As a team, the students enjoyed a learning experience like no other. Activities included ship-handling, teamwork, problem-solving, debating, and water sports. Students also went ashore to complete tasks and enjoyed competitive games that involved ingenuity, leadership and fun.

"Spirit of Adventure"

Lilla Thomas (Year 10) attended the Wellington Model United Nations event in March. The theme for this year was 'UN+Delivered', which focused on addressing critical global issues and initiatives that have remained unfulfilled or underdelivered by the United Nations. Delegates were to explore these unresolved challenges, analysing why they persist and proposing innovative solutions to bridge the gaps. Through this process, it was hoped that participants would deepen their understanding of complex international policies and develop the interpersonal skills needed to foster cooperation and meaningful debate, ultimately striving to deliver impactful resolutions. Lilla had a great time attending the event and said that it

"taught her new ways of thinking and she got new ideas from it."

The Koru LA classes have been working hard this year. Our junior students had the opportunity to complete a level one NCEA assessment. Senior students used their time for discussions and work on their academic achievement.

CONGRATULATIONS

to all Koru Programme students who have worked hard and achieved their goals this year, including subject endorsement, and/or Merit and Excellence endorsements.

We look forward to offering another exciting programme in 2026!

*We're excited for what 2026
will bring, with new projects and
performances coming up.*

This year has been an exciting and busy one for our Spotswood College Poly Club, made up of talented students  from across all year levels. We've performed at various community events, including the annual Pasifika Day, and proudly represented our school at Polyfest 2025 in Manukau, Auckland. During our four-day trip, we visited Avondale College and were inspired by their dedication, collaboration, and love for Pasifika culture. That experience sparked a new energy within our group.

Our many fundraising efforts towards our trips, new uniforms, and resources were made possible thanks to the generous support of our school, parents, and wider whānau.

MACFARLANE, WHO
TAUGHT OUR STUDENTS
A BEAUTIFUL
COOK ISLANDS DANCE.

KAPA HAKA

KO TE MANA O TE RŌPŪ I TE TAU NEI

Our Kapa Haka rōpū has been the heartbeat of our school this year - carrying our identity, culture, and pride through every performance, practice, and pōwhiri.

From early morning practices to standing tall on stage at regional events, this year's kapa haka journey has been one of dedication, unity, and passion. Our rōpū has shown what it means to lead with mana, represent our kura with whakaute, and uplift te reo Māori me ōna tikanga.

Whether it was welcoming manuhiri, performing at community events, or strengthening our waiata and haka, every moment together has been filled with wairua and whanaungatanga.

"2025"

● ● ● ● ● ● ● ● ● ●

A huge mihi to our kaiako and kaumātua for their guidance, and to every taurua who gave their time and heart to this kaupapa. Your commitment has made our kapa haka something truly special.

We're proud of what we've achieved this year — and even more excited for what's ahead.

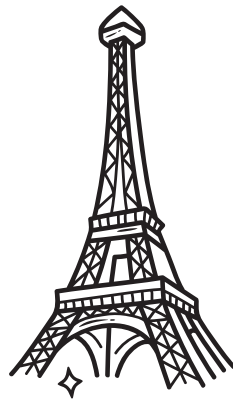

Toitū te mana, toitū te reo, toitū te kapa haka!

The Māori word 'kapa' means to stand in a row or rank, and haka is a dance. The term 'kapa haka' means a group or groups standing in rows to perform traditional Māori dances, accompanied by sung or chanted words. Kapa haka is a living art form.

LANGUAGES

NGĀ REO O TE AO

FRENCH FRANÇAIS

SALUT À TOUS

Speaking the World: Language Learning at Spotswood

Exploring Identity, Culture, and Global Connection Through French, Japanese, and Spanish.

At Spotswood College, language learning is more than memorising vocabulary or passing exams. It's about opening minds and building bridges.

Through the study of French, Japanese, and Spanish, our students are gaining much more than just linguistic skills; they are learning to think differently, see the world from new perspectives, and connect meaningfully with cultures beyond their own.

Each language offers a unique doorway into a rich cultural heritage. Whether students are learning to introduce themselves in Japanese, exploring Spanish speaking countries' vibrant traditions, or discussing daily life in French, every lesson is a step toward becoming a confident and culturally aware global citizen.

Our language classrooms are spaces of curiosity, creativity, and connection, where students explore global identities, celebrate diversity, and prepare themselves for an increasingly interconnected world.

What begins in the classroom becomes something far greater, a lasting connection to people, places, and possibilities beyond our borders.

SPANISH: ESPAÑOL

¡HOLA A TODOS!

Preparations are underway for our 2026 Spanish exchange to La Sagrada Familia School in Spain, where students will continue building strong cultural and linguistic ties.

These exchanges reflect the powerful, real-world connections our students form with the countries of their target languages, enriching their learning far beyond the classroom.

Languages are complex, structured systems of communication used by humans to convey meaning. They encompass grammar and vocabulary, and can be expressed through speech, sign, or writing. Globally, there are thousands of languages, each with its own unique characteristics.

JAPANESE 日本語

こんにちは。 KONNICHIWA.

This year, Spotswood College students had the incredible opportunity to visit our sister school, Hatsukaichi High School in Hiroshima as well as our sister city, Mishima, as part of a youth delegation, deepening their understanding of Japanese culture through school life, homestays and shared experiences.

99.2% of people in Japan have Japanese as their first language. There are still a few lesser-spoken languages across the islands, including: Ainu, Ryukyuan, Kikai and Miyako.

TE REO MAŌRI

TE REO MĀORI

At Spotswood College, the revitalisation and celebration of te reo Māori is more than a subject.

It is a kaupapa that shapes the identity of our kura. Guided by the whakataukī Tōku reo, tōku ohoohe (my language, my awakening), we support all ākonga from Year 9 to Year 13 who choose te reo Māori to grow their reo through the NCEA pathway.

Our goal is for each of these ākonga to achieve one NCEA bubble in te reo Māori, contributing to University Entrance and building confidence in their academic and cultural journey. This approach honours te reo as a taonga and opens pathways for the future.

In our classrooms, ākonga are immersed in karakia, kōrero and tikanga. With the support of passionate kaiako, strong whānau connections and a kura that values te ao Māori, our rangatahi are becoming confident, culturally grounded leaders. We are also proud

to be identifying and encouraging speakers for the Manu Kōrero competitions, providing opportunities for ākonga to express their identity and voice through te reo Māori and English on a national stage.

Tōku reo, tōku ohoohe reminds us that language is not just about words. It is about awakening pride, purpose and belonging. As we close out the year, we celebrate the growth, determination and mana of our ākonga. Spotswood College is proud to be a place where te reo Māori is thriving today and for the generations to come.

"The mask hides the face, but not the sparkle."

A masquerade ball (or bal masqué) is a special kind of formal ball which many participants attend in costume wearing masks. (Compare the word "masque"—a formal written and sung court pageant.) Less formal "costume parties" may be a descendant of this tradition. A masquerade ball usually encompasses music and dancing. These nighttime events are used for entertainment and celebrations.

"The night is young,
and so are we"

"The night's better with us in it."

"Serving looks
and laughter."

"Friends who ball together, stay together."

TECH DEPARTMENT

MAHI HĀNGARAU

At Spotswood College, technology education isn't just about theory—it's about rolling up your sleeves. From knives to code, cafés to cycling trails, students learn by doing, building confidence and real-world skills every step of the way.

NZSSCC Champions

Spotswood proudly celebrates Sam Scown and Rozan Flores who won the regional New Zealand Secondary School Cooking Competition (NZSSCC). Their innovative dishes and confident presentation reflect not just their personal dedication, but also the department's nurturing of culinary excellence.

They competed in the National Competition during August in Auckland.

Sam Scown and Rozan Flores

Culinary Creations Level 1 Food Course

This year saw the launch of a new Level 1 food course under the expert guidance of Matua Felix.

Designed to introduce students to kitchen fundamentals, the course has quickly become a student favourite. Participants are learning essential techniques - from knife skills to plating - laying a strong culinary foundation and igniting a passion for food.

The success of this introductory pathway has helped launch student participation in wider cooking challenges.

Brewing Business - Coffee Club in Action

More than just a coffee corner, the student-run Coffee Club is a mini-enterprise lab. Students take turns managing everything—from brewing and serving to stock-ordering and customer service. They practice entrepreneurship daily, applying real business thinking in a supportive school setting. Thank you to Matua Felix for supporting these students and providing this opportunity.

Cultural Threads - Textiles & Korowai

In textiles class, students embraced traditional Māori weaving techniques and crafted korowai with pride. Using sewing techniques and natural materials, these students produced culturally meaningful garments that highlight meticulous skill, cultural understanding and artistic creativity. The resulting pieces were celebrated as standout examples of student talent.

"Korowai"

Welcoming Innovation Joe Sergi Joins the Team

This year, technology classes welcomed Joe Sergi, who joins with rich international experience and a strong background in design thinking. Joe's global perspective and hands-on approach are already influencing how design and creativity are woven into the technology department.

Young Enterprise Market Mastery at Ngāmotu Markets

Spotswood's Young Enterprise students returned to the Ngāmotu Sunday markets with energy - and results. Student-run ventures like Le Pont achieved strong sales and earned glowing feedback from the community. This real-world selling experience provided invaluable lessons in marketing, product design, and financial literacy.

"All set up for the Markets"

Bidding Farewell - Mr Dave Froom's Retirement

As 2025 draws to a close, the department will say farewell to Mr Dave Froom, a long-serving educator in DVC, woodwork, and electronics. Known for his mentorship and unwavering commitment to student growth, Dave's departure marks the end of an era - but his impact will continue to guide students into the future.

Every student achievement this year - whether in culinary arts, textiles, coffee enterprise, mountain biking, robotics, or metal and wood technology - speaks to the dedication of a passionate, collaborative Technology team. From hands-on workshop guidance in metalwork and woodworking to innovative design challenges, teachers across the department work in unison to inspire creativity, build confidence, and develop real-world skills. By blending practical mentorship with engaging, multidisciplinary learning experiences, the department creates an environment in which students feel empowered, capable, and excited to explore their potential. In 2025, the collective effort of the Spotswood College Technology educators has made a lasting impact, setting students on a path toward lifelong innovation and learning.

SPOTTY SPICE GIRLS STIR UP SUCCESS AT NATIONAL CULINARY CHALLENGE!

As I write this, I'm still buzzing with excitement (and maybe running on leftover adrenaline) from the 2025 New Zealand Secondary School Culinary Challenge (NSSCC). Our very own Sam Scown and Rozan Flores - better known as the Spotty Spice Girls - along with their teacher Matua Felix, propelled Spotswood College into the national culinary scene, taking gold and proudly finishing 3rd overall in New Zealand!

Not bad for a team that kicked off their culinary journey at the Taranaki regionals earlier this year!

"Ready for the Challenge!"

DAY 1

Plane Rides, The Yellow Bus & Last-Minute Prep

On Wednesday 27th August, the team hopped on a plane from New Plymouth to Auckland, where they were chauffeured by the famous Yellow Bus to their Ibis accommodation. After settling in, they fueled up on some kai, dashed to the supermarket for last minute ingredients and laid out their chef gear like seasoned pros ready for the following day.

DAY 2

Showtime at MIT Otago

The event was held at Manukau Institute of Technology in Otago and the atmosphere was a mix of nerves, hype and a touch of chaos (mainly for the parents and one nervous Matua Felix).

The Challenge

Teams had 100 minutes to first to recreate their regional entree featuring lamb and kūmara and second, to prepare their dessert for the very first time in front of the judges, using Whittaker's Peanut Chocolate, Anchor products and apple or kiwifruit.

Sam and Rozan delivered their entree with ease, plating up with 43 minutes to spare - focused, composed and in full control of the kitchen. Then came the dessert round. The majority of the 'Chocolate Orchard Twist' was ready but the oven was playing up, keeping everyone on edge. The crumble was slow to bake, and the tension built as the countdown ticked closer to zero. With the final countdown underway, the girls lifted their desserts off the bench with exactly one second to spare, prompting major applause as the clock hit zero. Hearts finally unclenching, we watched in relief (and amusement) as Sam and Rozan turned the oven drama into a triumphant finale.

The Three Hour Wait

After the cooking ended, it was clean up time and a quick trip back to the accommodation to get ready for the awards ceremony. We all waited in anticipation as the hours ticked by, excitement building waiting for the moment the results would be announced.

Finally, the awards began. The energy in the room was electric as the top teams were announced with the judges later revealing just how close it had been with only a five point difference separating the top three teams.

1st - Botany Downs Secondary College
2nd - Napier Girl's High School
3rd - Spotswood College

Cue wild applause, cheering and maybe a few happy tears.

DAY 3

Food, Sponsors and Culinary Celebrations

The trip wrapped up with visits to a few of the sponsors and a foodie adventure: breakfast at Bidfood, canapes at Moffat and lunch at Anchor/Fonterra. Not a bad way to celebrate three days of skill, determination and sparkle.

From regional silver to national recognition, Sam, Rozan and Matua Felix proved that teamwork, dedication and a sprinkle of salt and pepper can take you all the way to the top. What an incredible achievement - well done to you all! Bring on next year!

SPOTTY WHAT? SPOTTY WOOOO!

ROBOTICS

NGĀ KARETAO

"Teamwork makes the circuits work"

FUTURE-READY: ROBOTICS PROGRAMME EXPANSION

The robotics hub continues its meteoric rise; there are now 48 students enrolled, including two senior teams competing in VEX VRC competitions.

At Spotswood College, the VEX Robotics program offers students a dynamic and hands-on approach to learning.

Through participation in both the VEX IQ and VEX V5 Robotics Competitions, students engage in designing, building and

programming robots to solve complex challenges. This program not only enhances their technical skills but also fosters teamwork, problem-solving and critical thinking.

The culmination of their efforts is showcased in regional tournaments, where students have the opportunity to compete, collaborate and innovate, preparing them for future endeavors in STEM fields.

ll

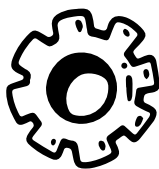

"Building the future, one bot at a time"

Robotics is the interdisciplinary study and practice of the design, construction, operation, and use of robots. Within mechanical engineering, robotics is the design and construction of the physical structures of robots

2025 ROBOTICS SEASON: A JOURNEY OF GRIT, GROWTH AND GLORY

Another season has come around so quickly and what a journey it's been for our senior robotics teams. Nationals took place in February 2025, wrapping up the season with the game High Stakes. Team 93241C - Aiden Hocking, Daniel Marshall and Diamoni Lieng - gave it their all and placed third after being knocked out by the top-ranked team. They played with heart, skill and determination against a strong opponent, and their efforts made us all proud.

Our other senior teams, 93241B (Sam Pattion and Liam Hofmans) and 93241A (Jaram Ford and Luke Francis), also had a fantastic season. They made huge progress in their learning and development, showing resilience and a great attitude throughout. Even after some tough matches, they never gave up - and that kind of spirit is what makes champions.

After a successful 2024-2025 season, our teams were ready to take on a new challenge. This year's VEX Robotics game is called Push Back, played on a 12ft x 12ft field where two alliances compete to score 18-sided blocks into different goals. Teams earn points by placing blocks in scoring zones, controlling the center section of long goals and parking their robots in special zones at the end of the match. One exciting twist is that when a goal is full, adding a new block pushes one out the other side - making defense just as important as scoring.

This game brought new challenges, especially as our senior students balanced their NCEA studies with robotics tournaments. Despite a slow start, teams 93241C and 93241J

- Aiden, Daniel, Diamoni, Sam, Liam, and Luke - stayed competitive and reached the semi-finals at several Central North Island events. Their hard work paid off with a first-place win at Scrimmage 5, hosted right here at Spotswood College. Maybe it was the home advantage, or maybe it was the result of months of dedication and teamwork - either way, it was a well-deserved victory. This win has brought back the energy and excitement the team needed as they aim for another Central North Island Championship. To my Year 13 students: I'm so proud of everything you've achieved. I hope your passion for robotics continues to grow beyond Spotswood. For those continuing, I hope you've found the same love for this amazing STEAM subject. The challenges you face will only make you stronger.

Looking back, it's been an incredible journey - from our first year in IQ, winning a national prize our first year, to earning two Teacher of the Year awards (Thanks for the countless nominations), regional wins, and a third-place finish at Nationals.

As a teacher, I wouldn't have wanted to go through this robotics journey with anyone else. You are the reason my own passion for the subject is still alive and burning. Without you, the Robotics programme at Spotswood College wouldn't be what it is today.

Your dedication, creativity and love for robotics have shaped something truly special and I hope that spark stays with you wherever you go.

"Code. Create. Compete."

"It's not just a phase - it's robotics"

"Eat. Sleep. Build. Repeat"

"Success is not final, failure is not fatal: it is the courage to continue that counts." - Winston Churchill

MUSIC

TE WAIATA ME NGĀ
TAONGA PŪORO

THE MUSIC DEPARTMENT
AT SPOTSWOOD COLLEGE
CONTINUES TO THRIVE,
OFFERING STUDENTS A VIBRANT
AND INCLUSIVE PROGRAM
ACROSS BOTH JUNIOR AND
SENIOR LEVELS. WITH
OPPORTUNITIES IN COMPOSITION,
MUSIC PROGRAMMING, SOUND
PRODUCTION, PERFORMANCE,
AND MUSIC STUDIES.

"THIS YEAR HAS SEEN
REMARKABLE
ACHIEVEMENTS"

*"From garage jams to
Rockquest stage"*

"South Road"

Junior band, The Infestation, impressed with energy, while senior band South Road delivered a polished performance. South Road has also released three singles this year, with Needing You on high rotation on The Most FM.

Our chamber music group, Sol De Verano, impressed at the regional Chamber Music Competition with a stunning performance of Ravel's Bolero, earning a Highly Commended award.

- Spotswood College shone at
- Taranaki Rockquest with Emme Ace,
- who earned 2nd place in the Solo/
- Duo section with her song
- Piggy Bank!

"Born to play loud"

"Our band, our sound, our moment"

Our Music Showcase highlighted an incredible range of talent, from soloists to bands, delivering polished and captivating performances. The event reflected countless hours of practice, composition, and rehearsals, with students displaying professionalism, passion, and creativity.

We are proud of their musicianship and the outstanding representation of our music department!

Sol De Verano - Chamber 2025

VISUAL ARTS

MAHI TOI

This year, Year 9 and 10 students unleashed their imagination across an incredible range of art courses - from drawing, painting, sculpture, and Māori art to ceramics, photography, printmaking, stencil art and digital design. The passionate Art Extension class even showcased their work in a public exhibition at the Collaboration Gallery!

Our buzzing Art Block has been alive with colour, creativity and innovation. Students explored their own ideas, developed their visual thinking, and built strong technical skills. A highlight was the arrival of a brand-new suite of Wacom tablets, upgrading our already well-equipped graphic design room with industry-level digital tools.

At senior levels, students continued to push boundaries, with access to all five Visual Arts subjects - Design, Painting, Photography, Printmaking and Sculpture - right through to Scholarship level

From personal expression to public exhibitions, Spotswood artists are making powerful and meaningful art.

ATHLETICS

HAUORA

Athletics Day 2025 saw a return to the Top Field, albeit this time with a twist.

After meeting late in 2024 and to start 2025, the prefects agreed collectively that we would have a thematic approach to events like Athletics. Rather than hāpū based, these events would promote a community initiative, with Athletics 2025 being chosen to promote Mellowpuff Trust!

It was a beautiful day on the top field with not a cloud in the sky or a mountain breeze to be felt.

With the theme of wearing pink to support an organisation close to our schools heart, our student body not only embraced this, but delivered!

The waves of pink were overshadowed by the connections being made, the fun being had and the athleticism on display with our Run, Jump and Throw 'have-a-go' stations. Highlights were not only the liquid chalk being thrown around, but also the student 4x100m relay from 11CKUma that obliterated the best the teachers could muster.

A massive well done to our champions for 2025, and huge thank you to Terry and Tania Long for donating the coloured chalk on our mystery event which was an absolute hit. And lastly, thank you Matua Carlin Kumeroa for your guidance and help in making events like this come to life!

Leo Coutts and Aliana Scholey, 2025 Sports Prefects.

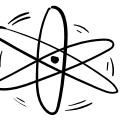

"One team, one dream"

"The only race where everyone wins - in colour!"

*SOCIAL SCIENCE

NGA TIKANGA Ā-IWI

The Social Science department continues to be a busy hub with lots of students opting to take social science classes. Subjects such as History and Psychology continue to be popular with the department having to put on additional classes for these subjects and bring in more staff during 2025.

We have also introduced a new subject - Legal Studies - to our department in 2025 which has been hugely popular. Students are enjoying being able to get Level One literacy credits, University Entrance literacy and subject circles within the social science department.

We are re-vamping our junior programme for 2026, so watch out for some cool topics and classes to study from next year! We are also constantly updating our senior courses to reflect student interest and current events.

Studying social science is becoming increasingly important in our society as we face new challenges, such as climate change, war, mis-information and extremism.

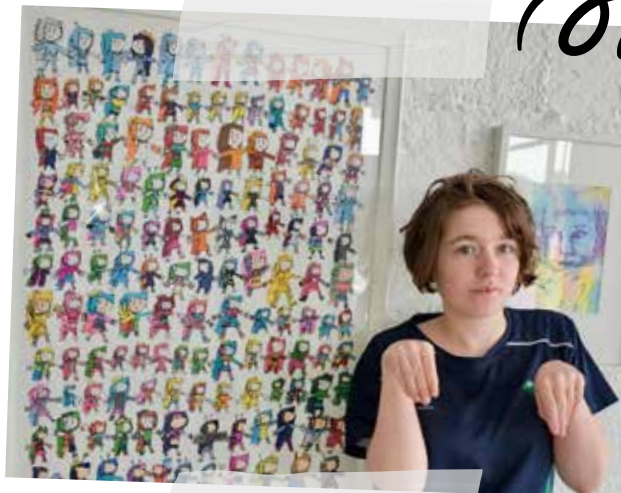

"Science is fun"

* We strongly encourage all students to give it a go!! Staff have enjoyed 2025 and look forward to another great year in 2026.

TE WAKA MANAAKI

TE WAKA MANAAKI

This year, we welcomed six new students and continue to love the diversity they bring. With this joy also came the sadness of farewelling Rikihana Sherry and Troy Ford, who have been with us for eight years. Ka kite Rikihana and Troy — we'll miss you!

In Kahikitea class, a highlight this year has been students actively contributing to the community by collecting and taking items to the SPCA. They've also been developing independence in the kitchen through regular cooking sessions. Meanwhile, Tī Kōuka class has continued participating in the TSSSA adapted sports sessions. These events offer fantastic opportunities to try new sports, meet students from other schools, and form new friendships within the wider community.

Our Transition class, for students aged 18 to 21, has expanded its active recreation and sport experiences thanks to funding from Tū Manawa Active Aotearoa. These opportunities help students build confidence and prepare for life beyond school. Weekly yoga and circuit training are a regular feature, alongside rotating four-week blocks of taster activities including swimming, basketball, dance, spin, box fit, weights, bowling, and bushwalking. So much fun and learning rolled into one!

We've also introduced two new classes this year. The He Manawa Piharau class focuses on taiohi whaikaha Māori, supporting students as they prepare for life after school. The programme fosters independence, encourages community engagement, and incorporates Te Ao Māori values throughout.

Our second new class is the Literacy Talk Link class, which supports students with

communication needs. Here, students learn to use their own Augmentative and Alternative Communication (AAC) devices, guided by a speech and language specialist.

To top it all off, at the end of 2024, our students held a successful, sold-out debut art exhibition.

They are now enthusiastically building on their skills as they create new works for this year's end-of-year exhibition.

Watch our school's Facebook page for our exhibition location this year!

"What cool Artwork"

"Time to balance"

WE'D LOVE FOR YOU TO

COME ALONG AND SUPPORT

OUR TALENTED YOUNG ARTISTS!

SCIENCE DEPARTMENT

PŪTAIAO

2025 HAS BEEN ANOTHER YEAR JAM PACKED WITH EXCURSIONS, FIELD TRIPS AND SCIENCE INVESTIGATIONS.

For the first time we've had students be selected to take part in Nano Camp, Dunedin and "Hands on at Otago". The Elemental Taranaki Science and Technology Fair had a wide variety of entries again, congratulations to Mika Honeyfield and Bodhi Danenhauer and our quiz team Rebecca Butler, Jana Whitehead, Edward Thorpe and Ziad Eleleimy-Yin.

Mr Peters has joined up with Mr Loft of the Agriculture academy and doubled the number of students who are experiencing work with our local partner farms. We are ever grateful to our farmers for allowing us into their businesses they come rain or shine, mentor our students with enthusiasm and knowledge.

"Riparian Planting"

Science is both a body of knowledge about the natural world and a process of inquiry used to understand it. It involves observing, experimenting, and reasoning to build explanations of phenomena. Science education equips students with the tools to understand scientific concepts, appreciate the scientific method, and engage with the scientific and technological aspects of society.

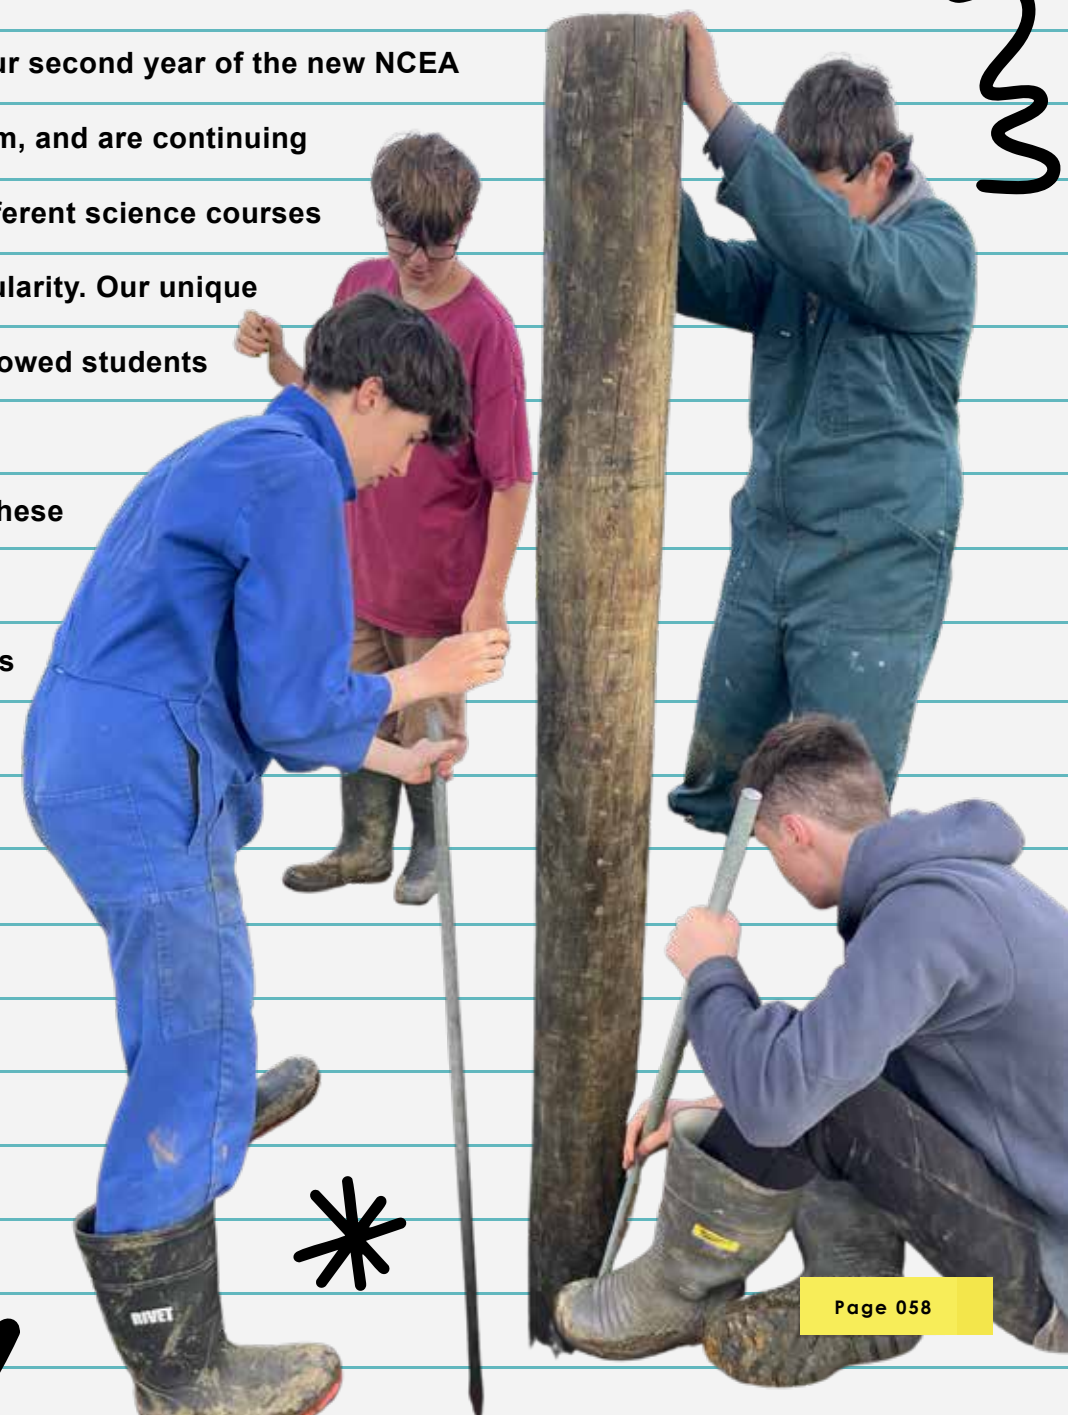

We are now in our second year of the new NCEA level 1 curriculum, and are continuing to offer eight different science courses due to their popularity. Our unique timetable has allowed students to choose any combination of these science courses to build pathways for their chosen careers. We look forward to seeing what these young people do next!

"Level 1 Planting"

"Milking Time"

GLOBAL FRIENDSHIPS, UNFORGETTABLE EXPERIENCES

Each year, Spotswood College is proud to welcome an incredible group of international students who bring energy, warmth, and a global perspective to our school community.

These young people embrace the full experience, diving into Kiwi culture, making lifelong friendships, and engaging fully in our international programme. From joining school clubs and cultural events to simply sharing stories between classes, these students bring a unique energy and openness to our school. Their enthusiasm, kindness, and global perspectives enrich our community in countless ways.

"They brought warmth, energy, and a global spirit to every corner of our school."

- Their openness, kindness, and willingness to learn from new experiences enrich the lives of everyone around them. They step out of their comfort zones with courage and curiosity, and in doing so, leave a lasting impact on our school.
- As the school year unfolds, we celebrate those who have completed their time with us, taking unforgettable memories and friendships with them and warmly welcome a new group beginning their journey at Spotswood College.

To our international students: past, present, and future, thank you for being such an inspiring part of our school whānau.

YOUNG ENTERPRISE SCHEME

TE WAKA PAKIHI

We are proud to celebrate the innovative spirit and entrepreneurial drive of our students, who are once again excelling in the Young Enterprise Scheme (YES) – a national competition that supports and grows student-led businesses across Aotearoa.

This year, four Spotswood College teams are proudly competing regionally and nationally, with outstanding results so far. Last year's standout success, Wavewax, who placed a close second in the regional finals, made headlines when they featured live on TVNZ's Breakfast Show, inspiring future student entrepreneurs with their eco-friendly surf wax product. Building on that momentum, Wavewax has continued to impress, this time alongside Salty Bastards, with both businesses winning prizes in MP Barbara Kuriger's Enhancing Rural Communities category.

Meanwhile, The Bro's Clothes, a team focused on niche streetwear, took out third place in the Pitch Challenge, impressing judges with their confident delivery, branding, and passion for their product. Le Pont recently landed an impressive contract with a major beauty company to supply gift merchandise. This marks a major turning point for the young entrepreneurs behind the brand. They have also secured a retail outlet, providing a physical space where customers can experience their full product line in person.

All teams have had a strong presence at the Seaside Markets, where they have engaged directly with the public. Sales have been steady and community support overwhelming, with locals offering positive feedback and encouragement for the next generation of entrepreneurs.

SPOTSWOOD COLLEGE IS INCREDIBLY PROUD OF THESE STUDENTS!

Their success reflects the real-world value of the YES programme – not just in fostering future business leaders, but in empowering rangatahi to think big, act with passion and bring their ideas to life.

KA RAWE, NGĀ TAUIRA! KEEP LEADING THE WAY.

THE SPOTSWOOD COLLEGE VOCATIONAL PATHWAYS DEPARTMENT HAS HAD ANOTHER SUCCESSFUL AND BUSY YEAR IN 2025, PROVIDING STUDENTS WITH PRACTICAL SKILLS AND REAL-WORLD EXPERIENCE TO SUPPORT THEM IN PREPARING DIRECTLY FOR THE WORKFORCE AND FURTHER STUDY.

VOCATIONAL PATHWAYS

NGA ARA MAHI

Unlike more traditional academic routes, vocational education at the college has once again focussed on a blend of theory and practical learning across a wide and diverse range of industries. Whether it's through student centered work placements, Trades Academy and STAR courses, university papers, our own Build a House project, various competition or industry training organisation short courses, our students have again thrived and grown.

Through this modern and individualised approach students have been afforded the opportunity to gain job-specific competencies and industry-recognised certifications, increasing their employability, confidence and community connections.

Vocational Pathways has also supported diverse learning styles, offering an alternative for those who thrive outside of conventional classroom settings. Real world, authentic and individually tailored courses of learning have been very successful for our senior students and again we have been fortunate enough to support students take a step toward their dream career. Many have picked up paid employment, apprenticeships or been successfully accepted into higher level learning opportunities.

By aligning curriculum with industry needs, Vocational Pathways at Spotswood College ensures students are workforce-ready. This education model not only benefits individual learners but also strengthens local communities through a more skilled and adaptable labour force. We are proud of the role we play in this model.

Vocational Pathways.
Te Waka Huarahi.
Making a Difference

* QSA CLUB *

KARAPU QSA

Celebrating Our QSA Club: A Year of Pride, Connection & Leadership

This year has been an incredible one for our QSA (Queer-Straight Alliance) Club at Spotswood College. The relationships formed throughout this year have taught us all about the importance of connections with people similar to ourselves. From year 9s up to year 13s, our weekly meetings have been a blast and full of activity and interest. The cooperation with queer groups outside of school, like RainbowYOUTH and InsideOUT, has helped our young members build confidence and further their links to our community.

One of our most successful events this year was our Pride week which we ran alongside the Trananki Pride week in April. Throughout the week we ran events to further our visibility in our school. From chalk drawing at lunchtime, documentaries about being queer in New Zealand and a gold coin donation non uniform day that went towards RainbowYOUTH. It was a fun, jam packed week that saw collaboration with many different groups in our school.

We would like to give a big thanks to our members for turning up and collaborating on events. To our year 13s, thank you for your time and commitment to our QSA

space and the drama room. To our teachers, particularly Marie Hunneyball, thank you for kind words, ally-ship and time you have poured into both our group and our students, you make us better people.

A special shoutout goes to Ace Evans, our designated prefect, whose commitment and energy have helped shape QSA into the vibrant, inclusive group it is today. Your leadership has inspired many and made a real difference - ngā mihi nui! If you're looking for a place to be yourself and be part of something meaningful, come along to QSA next year.

We strive for people inside and outside our community to find and form positive connections. Your voice in our community is important and impactful. Everyone is welcome!

YEAR 9 JUNIOR B BOYS BASKETBALL

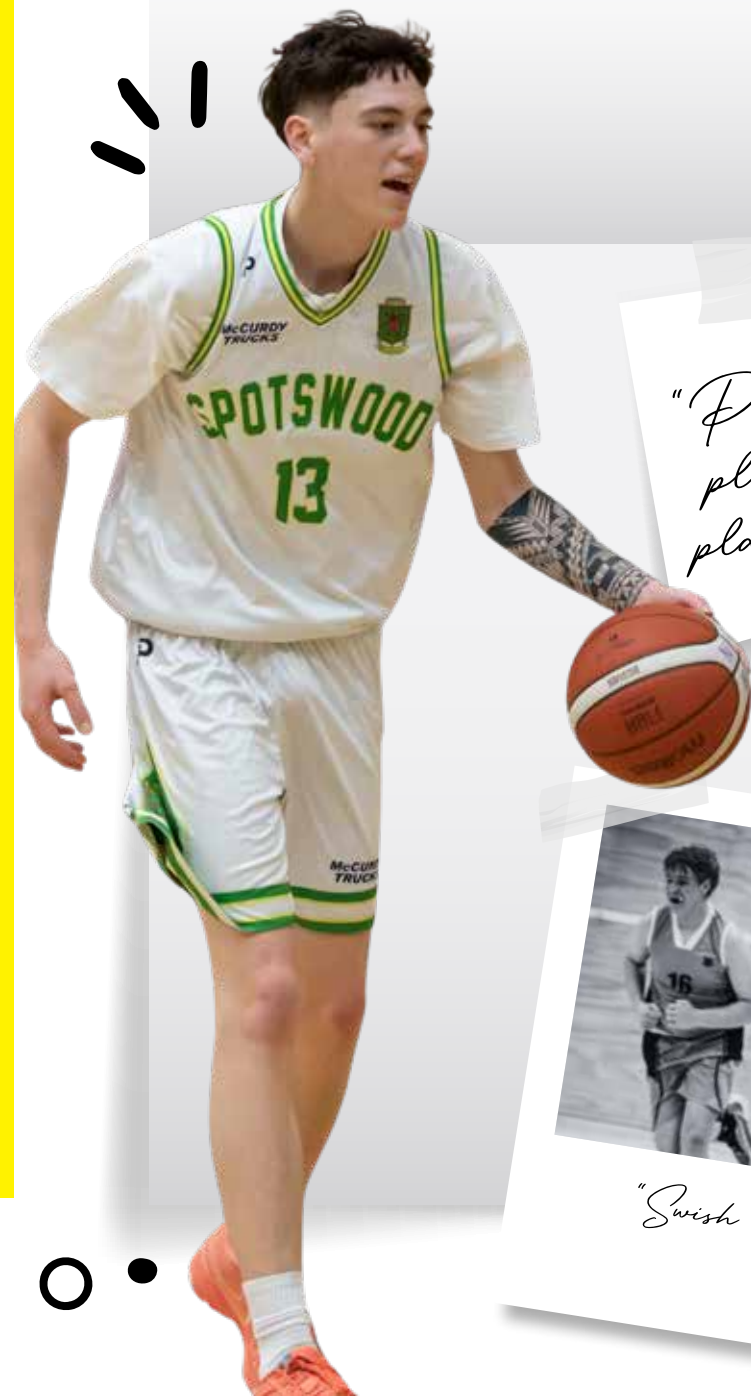

POITŪKOHU TAMARIKI TEINA

The Year 9 Boys Basketball Team demonstrated dedication, resilience, and steady improvement throughout the 2025 season.

Every week, the team showed up ready to work hard and give their best, growing in confidence and developing their skills with each game.

Led by the consistent efforts of Angus Batten, Taimana Irwin, Koby King, Kaiza Morgan, Jean Paitai, Blake Rogers, Oliver Shaw, Josiah Wiggins and Hector Young, the boys formed a tight-knit group that supported one another and stayed positive throughout the season.

Their determination to learn and improve, even when facing strong competition, was a real highlight. The team made great strides and laid a strong foundation for future basketball success.

"Play hard,
play smart,
play together"

"Swish happens"

Basketball is a team sport played between two teams of five players, where the objective is to score by shooting a ball through a hoop (basket) elevated 10 feet above the ground. It's a fast-paced game played on a rectangular court, involving dribbling, passing, and shooting the ball to outscore the opposing team.

THE YEAR 10 BOYS BASKETBALL TEAM SHOWED STRONG GROWTH AND TEAMWORK THROUGHOUT THE 2025 SEASON.

With a mix of Year 9 and 10 students, they developed their skills and understanding of the game while enjoying the challenge of weekly competition.

Kupa Butler, Jaxson Donald-Krutz, and Lorenzo Paul stood out for their consistent effort and hard work in both practices and games. Lukah Rae impressed as the team's leading scorer, showing a sharp shooting touch and the ability to create plays when needed.

The full squad included Connor Christian, Isaac Goundar, Dom Ridout, and Yorel Rolleston-Tamatea – all of whom brought enthusiasm and a willingness to improve each week. The team's attitude, commitment and energy made for a positive and rewarding season.

YEAR 10 JUNIOR A BOYS BASKETBALL

POITŪKOHU TAMARIKI TEINA

SENIOR A GIRLS BASKETBALL

KAUMATUA A KOHINE POITŪKOHU

The Senior A Girls Basketball Team had a season full of

TEAMWORK,
GROWTH,
& COMMITMENT.

Guided by experienced leaders Madison Abrams and Ashleigh Te Riini, the team stayed focused and united throughout their games.

Together, the girls created a strong, supportive team culture and represented their school with pride.

"Swoosh Squad"

Katie Takarangi and Talei-Jean Lilo brought outstanding junior energy and support, showing maturity beyond their years. Valencia Shaw was a dominant force on the boards, consistently pulling in key rebounds, while Zaria Davis impressed with her relentless hustle and ability to make game-changing plays.

Awhina Walters added great intensity on defence and always brought effort to training and games. The team also featured Olivia Hansen and Daniella Shaw, who contributed positively to the group's spirit and effort.

Basketball is a team sport in which two teams, most commonly of five players each, oppose one another on a rectangular court, compete with the primary objective of shooting a basketball through the defender's hoop, while preventing the opposing team from shooting through their own hoop.

SENIOR A BOYS BASKETBALL

SENIOR A TAMA POITŪKOHU

The Senior A Boys Basketball Team competed in both the New Plymouth Basketball Men's League and the Taranaki Secondary Schools Premier Grade. This season, they earned promotion to the A Grade in the Men's League, a strong achievement reflecting their growth and effort.

Komene Tenana led the team with explosive energy and leadership on both ends of the court. His intensity set the tone for the group. Rotz Kavanagh stood out as a reliable rebounder and strong interior presence.

The full team included Taylen Behrent, Waylon Jones, Lucian Ridout, Cooper Rowe, and Luka Ruakere-Sutton. They formed a spirited and eager group, committed to improving and supporting one another throughout the season.

"Nothing but net"

"Game On"

"Bounce it, shoot it, we can't lose it!"

SENIOR B BOYS BASKETBALL

SENIOR B TAMA POITŪKOHU

The Senior B Boys Basketball Team brought energy and enthusiasm to every game they played this season. While competing across local secondary school fixtures, the team focused on working hard, improving their skills, and enjoying the sport they love.

Led by a strong group of committed players – Connor Anderson, Kupa Butler, James Chapman, Jack Lydon, Kyron Mula, Lirenzo Paul, Tane Taha-Ransley, Donlin Taki-Murray, and Ethan Te Awa-Rangi - the team showed excellent camaraderie and a positive attitude throughout.

They supported one another on and off the court, consistently turning up with great spirit. Each game brought moments of growth, teamwork, and plenty of fun. The boys should be proud of the effort and progress they made during the 2025 season.

Facing top-level competition each week, the team embraced the challenge and developed both individually and as a unit, building valuable experience for the future.

The 2025 edition of the NZSS Development Football Tournament had a sense of familiarity to it. Weather reflective of summer not winter, being drawn into the pool of death, and yet another opening game against heavyweights, Tauranga Boys College.

The blue skies, radiating sun and a ‘nothing to lose, everything to gain’ mentality; tournament week started with a bang, literally, as within the first minute we lost Zander ‘3D’ Dodunski to injury. In what would be a precursor for the week with injuries hitting at the wrong times; the team showed what we may have lacked in star power this year, we made up for in sheer will and determination.

The week was a mixture of ups and downs that saw the sublime mixed with the surreal, the courageous with calamity.

IT WOULDN'T BE A WEEK OF SPOTSWOOD COLLEGE ALL STAR FOOTBALL WITHOUT IT!

With co-captains Joel ‘Ralphy’ Penno and Leo ‘Scooter’ Coutts under injury clouds, Year 11 student Kingston ‘L-Plate’ Lilo stepped up as the seasoned vet in his 3rd tournament campaign. He was the cornerstone for the team with an impressive display of athleticism and game understanding. Ably supported by Breez ‘Pumba’ Manu, Westley ‘Road-Runner’ Oakes-Hill and Zeke ‘P4’ Penno, our core remained strong. Sprinkle in our international flair via German exchange students Enrico ‘Iglesias’ Pohl and Julius ‘Goosey’ Brauer-Wulf, and we had enough to push teams, but fell a step short without our elder statesmen to get over the hump.

A 14th place finish in 2025 was probably reflective of our build up and disrupted week. But much like our school and community, this team was built on adversity, adaptability and resilience.

We say goodbye to 9 of this squad of 16, in what is the last of a generational group. For the likes of Ralphy Penno, Pumba Manu and Chippy Oakes-Hill, it is 4 years of the peoples champions, a philosophy of fast and free. A legacy, some would call it. The end of an era. An incredible foundation they've created for the next cycle to come through. Taking expressions of interest for 2026, as this coach's time may have just come too.

SPOTTY WHAT?! SPOTTY WOO!!

FOOTBALL
WHUTUPAORO

* FUTSAL

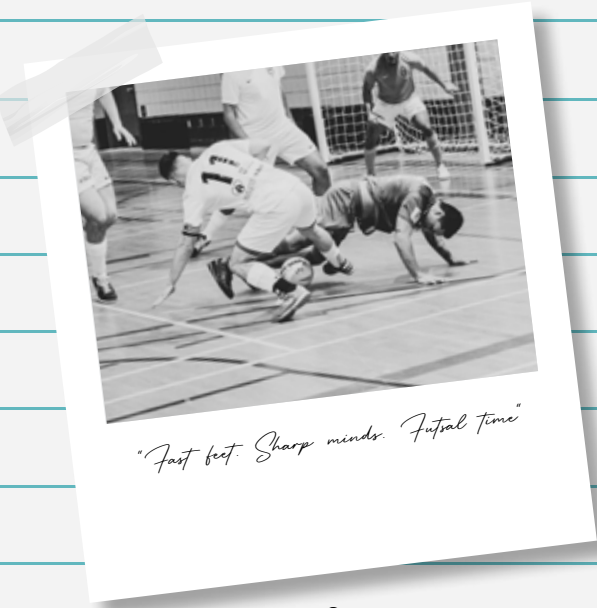

POIUHANA

Such was the success of our 2024 foray into the fast growing sport of futsal, we knew we had to build on this in 2025, so back to Mount Maunganui we went. The Northern Regional Cup is one of two qualifying tournaments for the action packed and rapidly growing NZSS National Futsal Championships.

Although we go for exposure and opportunity with a long term goal of qualifying for nationals, the competitive nature of Spotswood College means we still go to win and make it tough for other teams. We also go with a mantra of peoples champions; innovative, exciting, but as any sport should be courteous and respectful of our opposition and especially our referees.

In 2025 we were forced to travel with a shortened squad of 8, which meant player management was essential, as well as hoping injury was minimal. What a difference a year makes in standards and levels, as the growth of futsal in our bigger regions was clearly evident in the teams. The speed had increased, the skill had improved, and above all else, tactics had become key to success.

Futsal is a variant of association football played between two teams of five players each on a court smaller than a football pitch. Its rules are based on the Laws of the Game of association football, and it also shares similarities with fiveside football and indoor soccer.

Although fast and free was effective, in the crunch, our lack of experience and limited time together couldn't quite get the wins. Knowing we were right there and pushed the eventual winners all the way, shows with a little more time and some growth of the sport in the Taranaki rohe, potential is there at Spotswood College to do well in this tournament.

As always, cheers to the ladies in the kitchen for the eats - the coleslaw was superb!

Our home away from home, the Cosy Corner, your hospitality is second to none and in the words of Ralphy and Scooter - "if it's cosy, don't be nosey"!

OFF ROAD MOTO TEAM

TE TIRA MOTOPAIKA PEKANGA

The year 2025 saw two key training days for our team, each designed to prepare riders for upcoming cross-country challenges. Our first session took place locally at The Hack Track - a natural terrain course set on farmland - serving as prep for the Cambridge Schools Cross Country. The second was held further afield at Taikorea MX Park in Manawatu, the venue for the North Island School Cross Country Championships.

The initial training day tested riders' skills under tough conditions, as heavy rain transformed the track into a slippery, demanding course. This proved to be ideal preparation, as the Cambridge race itself turned out to be one of the wettest in recent memory. The team tackled their 'look' lap alongside 180 other competitors, a challenging 10-kilometer route that took over an hour to complete. Despite the harsh conditions, Mark Bevers stood out, clocking the most laps for the Spotswood team.

"A wet Cambridge timing area"

Marc Bevers

"Ready for the look lap"

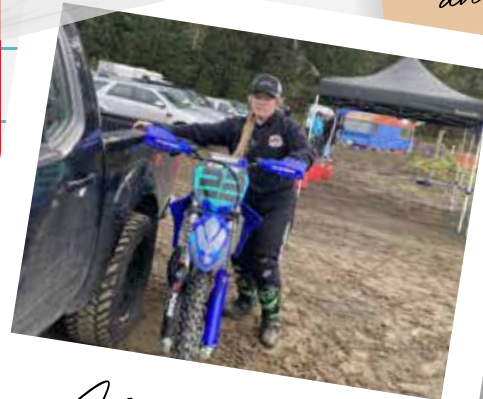

"Team after the look lap"

Cees, Bevan & Aiden

"Spoty in the pits"

Alana Wood

Aiden Hocking

Looking ahead, we have one final event this year: the team's end-of-year fun ride, graciously hosted by Cees Bevers at Waitaanga Road, Ohura. This stunning location offers an exceptional riding experience, and we consider ourselves extremely fortunate to have access to such a fantastic venue.

OUTDOOR ED

TE MATAURANGA O WAHO

Word from the students

"I've learned how to make a good shelter out of tarp, rope, and sticks, how to use a portable gas stove, and how to manage risks in the outdoors."

"Shelter Making"

"time to refuel"

"We even went to the mountains where we cooked sausages and noodles. I really enjoyed all the activities like rock climbing and bush walks."

"One of the most valuable parts has been discovering how traditional Maori knowledge and native plants can be used as natural remedies."

"We learnt how to create shelters using our surrounding environment and prepare and cook food in the bush."

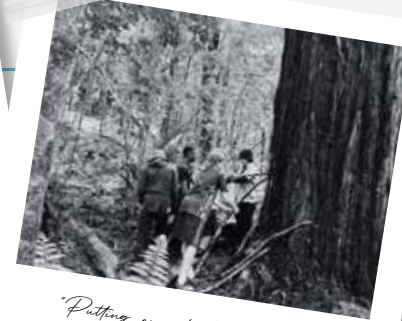

"I learned how to do a proper river crossing - just before the rapids where it's safest - and how to set traps for predators like rats."

"I learned how to tie knots, build shelters, cook sausages on a gas stove, and even how to make a fire in the ground."

"Beach Life"

"Putting our skills to the test"

"Bush Life"

"The trip was especially enjoyable because

doing it with classmates made the activity more

fun and engaging. Overall, the experience was

both educational and rewarding and I would

gladly participate again."

"I think this was a fun and positive learning

experience because we got to go out into a

bushy environment and learnt how to reset

traps, which is important."

"We learnt how to bait and reset traps and how to get rats out of the traps. Our group caught three rats and one hedgehog."

Rugby is a team sport played with an oval ball where two teams of 15 players (in rugby union) or 13 players (in rugby league) aim to score points by carrying, passing (sideways or backward), and kicking the ball down the field to ground it in the opponent's in-goal area or through the goal posts. The team with the most points at the end of the game wins.

How do you sum up a season of adversity, perseverance and a group of young men who represented everything so pure about school sport - infectious energy, contagious enthusiasm and general enjoyment of playing with their friends? Let's try, PROUD.

Boys rugby was well and truly back at Spotswood College in 2025 with a mixture of students new to the code, some veterans itching for the hiatus to end, and those who dug deep into their early years to rediscover a catch, pass and tackle.

As the saying goes, good things take time. And with time, Spotswood College boys rugby slowly built over the season into a formidable opponent who put the fear into anyone we played.

The boys came flying out the gates with a very dominant win in week 1, only to then be faced with a gauntlet of well drilled teams and endless depth, challenging the resolve and character of our men. Add in some mid-season injuries to our more seasoned players, backs were against the wall but not once did the team falter.

The back end of the season saw things starting to click and the group thriving as a rugby team, and not so reliant on individual brilliance. This was topped off with 3 wins in a row, including a buzzer beating 40m penalty from our courageous captain, Hoiho, that had all in attendance and even the neighboring football field abuzz. Unlucky to go down in the semi final to our much fancied opponent, it is fair to say the team won the hearts and respect of our opposition and officials, not by how we started but by how we ended.

Tane 'T.Reaps' Repia was an ever present warrior from start to finish, Jesse 'Hoiho' Friar led the team admirably with composure and poise, with Ethan 'Hitman' Te Awa Rangi becoming the teams game changer with his ferocious defence and kamikaze runs. Knight 'Cobra' Baylis found form at halfback cutting through teams like he does hair, Kaden 'K-Dux'

RUGBY

WHUTUPŌRO

"Game with a view"

"Try Time"

Richardson-Thomas showed silky feet and deceptive speed that defied his position, and Whitiama 'Brother' Cassidy-Taha mixed dynamic strength with scintillating speed to break games wide open on attack, and equally shut them down on defence.

Boys, what can I say. It has been a pleasure to be a part of your rugby season and to see the improvements from all of you week after week. The way you have carried yourselves and grown individually as well as a team, I hope you're as proud of yourselves as I am of you.

BRING ON 2026, WE HAVE UNFINISHED BUSINESS!

SAILING

WHAKATERE

- This year, 7 Spotswood students made the tremendous effort of coming together and forming the first Spotswood College Sailing Team in over 2 decades.
- Throughout the year they trained hard and made leaps and bounds in their sailing ability to adapt to a completely different approach to Yachting.
- Their first victory was a clean sweep against Scots College from Wellington in a friendly regatta with 2 Wellington teams. As well as holding their own against local rivals NPBHS and FDMC. In March they took off to Taupō to compete at their first official regatta, the Central North Island Teams Sailing Regional Champs. The team fought hard and learnt a lot, finishing (3rd in Silver Fleet) in their first major regatta as a team.

Following another month of hard training came the New Zealand Secondary Schools Teams Sailing National Championship, held locally in New Plymouth. Placed in the Emerald fleet, the team fought hard against teams familiar and new and after a week filled with lots of sweat, tears and adversity, came out a great sailing team, finishing 5th.

"Let's go Spotswood"

"What a day out on the water"

Altogether the first season of Spotswood College's Sailing team revival was a great success and everyone is looking forward to next season and nationals in Parua Bay, Whāngarei.

Big thanks to all the supporters, parents and coaches, in particular, Manager Ida Staunstrup-Moore and Coaches Caleb Birrell and Amelia Otto.

Congratulations to the team - Albie Staunstrup-Moore (Captain) Amelia Staunstrup Moore, James Casey, Reija Treacy (Vice Captain), Sadhbh Treacy, Declan Sutton and Fay Dalglish

Volleyball is a team sport played by two teams of six players on a rectangular court divided by a net. The objective is to score points by grounding the ball on the opposing team's side of the court, under organised rules. Players use their hands and arms to hit the ball over the net, preventing the other team from doing the same.

SENIOR BOYS VOLLEYBALL

TE POIREWA A NGĀ TĀNE

The Senior boys team of Rotz Kavanagh, Zander Dodunski, Dhio Yoshimura, Tahi Te Awa, Wairangi Davey, Jonah Bucksmith, Westley Oakes-Hill, Kingston Lilo won the Taranaki Secondary school senior boys volleyball championships finally beating our crosstown rivals.

This was a great result after coming 2nd the previous 2 years. This qualified our team to the top spot in our region to play in the Honours division at the New Zealand secondary school Senior volleyball championships at Palmerston North. At the National secondary school event 100 teams entered the boys event. The team was fortunate to also have Olly Smith join the team at the Nationals.

At the event we had many close results with also some good wins over St Pats Silverstream and Naenae College and also finishing in eighth spot in Division 2. (24th in New Zealand). This was the best result from the 8 Taranaki teams that went to the National event. Success also for Wairangi Davey, Westley Oakes-Hill and Zander Dodunski were named in the Taranaki U19 team to attend the New Zealand Inter-Provincial championships in June which finished 11th.

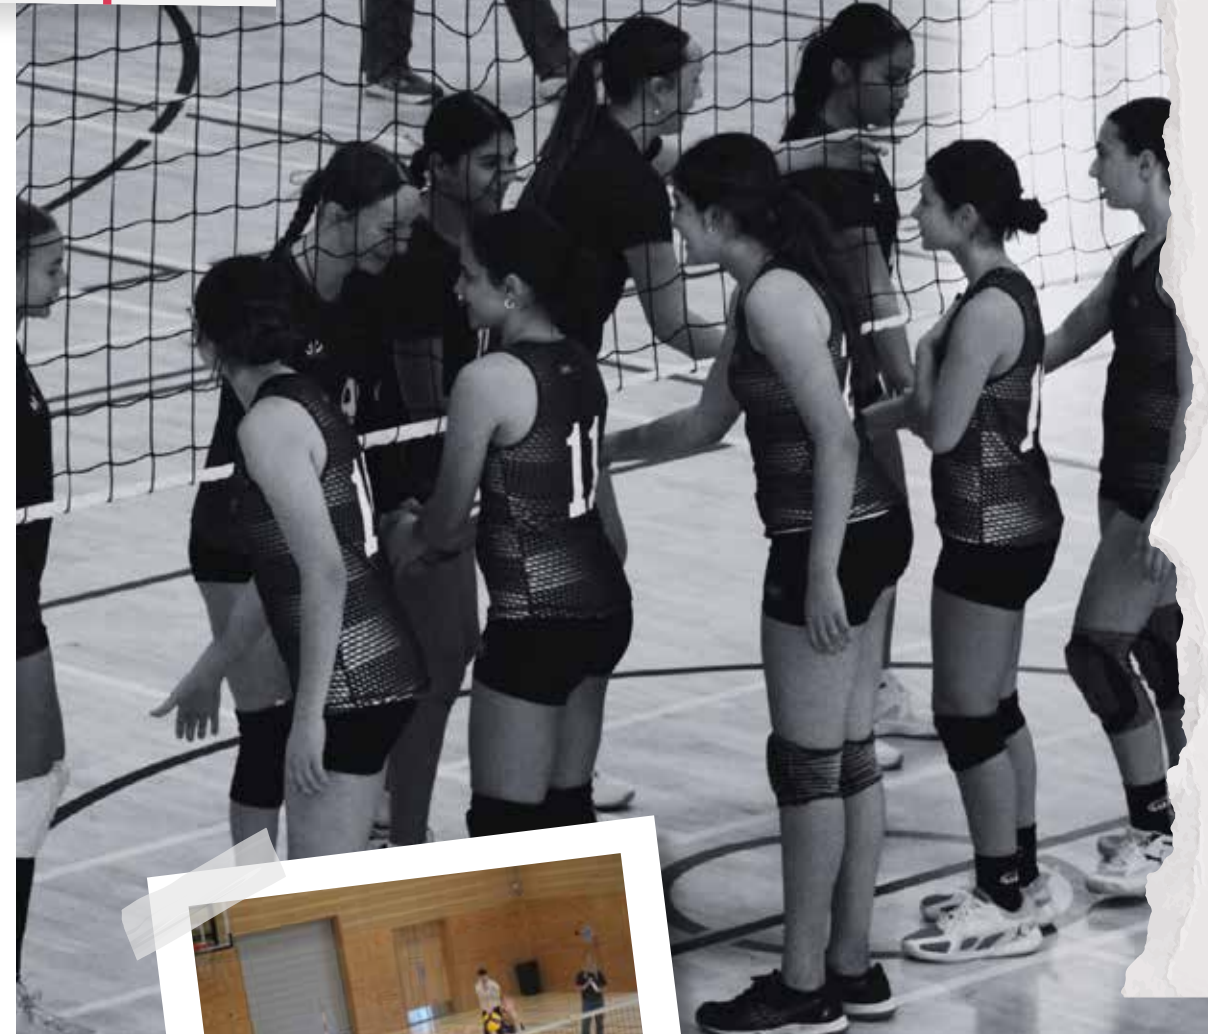

Wairangi Davey was also named in the New Zealand U19 Maori Volleyball team to attend All Nations Volleyball showcase at Alberta Canada in July.

"Good vibes and volleyball dives"

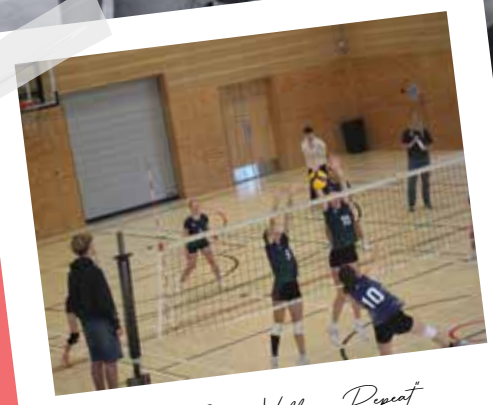

"Life's a vet. then you spike"

JUNIOR VOLLEYBALL

TE POIREWA A NGĀ TAMA

"Eat. Sleep. Volley. Repeat"

The teams have been participating in the Spotswood College 4 aside league and have also been preparing for upcoming volleyball events.

The Junior boys and girls teams are preparing to head to the North Island championships in November the Boys go to Auckland and the Girls to Wellington.

GIRLS VOLLEYBALL

TE POIKEWA A NGA WĀHINE

JUNIOR GIRLS VS ADE BUENOS AIRES

In July we were fortunate that 14 schools from Buenos Aires amalgamated and formed a squad called ADE Buenos Aires to tour New Zealand and play 4 different schools throughout NZ (Napier GHS, Spotswood College, Hamilton GHS and Howick College).

Our girls under the expert tutelage of coach Allison Winik put up a great challenge vs their International opponents. Spotswood College were valiant in their International match up but went down 0-3 with an especially exciting 3rd set battle.

Players to do well were Dhanna Cortex named best team player and Bella Tuavao for MVP of the game for Spotswood.

BEACH VOLLEYBALL

TE POIKEWA A NGĀ TAMA

Spotswood students continue to participate in beach volleyball events both locally and at the national secondary school event. Kingston and Westley were unfortunately in that they only had 2 losses in the tournament to the eventual champions and runners up in the competition.

Also in the senior boys our top pairing was carrying an injury with Wairangi and sprained ankle in the event.

Well done to Olly Smith and Zander Dodunski winning the Division 2 senior boys National Secondary schools Beach Volleyball Championships.

Past Spotswood College students have been excelling representing New Zealand with Lucas Heggie representing NZ U21's at the Asian U21 championships in Roi Et finishing 17th this year and also Jujaj Krajci representing New Zealand senior teams throughout Asia/ Brazil and European events this year.

Volleyball would like to thank all the people who have helped make the community of volleyball run at our school to the coaches Allison Winik, Bruce Petty, Braden Mapley & Miss Laurence, also the parents and athletes who made it happen.

You are all superstars!

SENIOR GIRL'S INDOOR VOLLEYBALL

TE POIREWA A NGĀ KŌTIRO

The year 2025 was to be the fifth and final year of secondary schools Volleyball for most of the senior girls squad:- Scarlett Dinnis, Aliana Scholey, Tia Christiansen, Ella Chase, Leni Niechziol, Hannah Dixon and Jean Smiley.

Trainings continued throughout 2024 after the national championships in preparation for the final NZSS championship this year. The Taranaki regional seeding series was held in early-March that saw four teams participating. We beat Inglewood HS and SHGC twice by the same 2-0 score but lost narrowly twice to NPGHS 0-2 to finish as Taranaki no.2

The NZSS Championships were again held in Palmerston North with a slightly different format used. We were placed in the pool for teams 32-80. A win and a loss on day one saw us contest the Division 4 championship.

We had narrow losses to Ormiston College 0-2; St.Catherines 0-2; Matamata College 0-2; Hillcrest HS 0-2; Aquanis College 1-2; Feilding HS 1-2; but finished with an outstanding 2-0 win over Whitby College. Our final placing was 11th, to be ranked 55th in the 100 team championship.

During Terms 2 and 3 the team competed in the New Plymouth Autumn and Winter leagues.

A big well done to all of the girls on your commitment over the last five years.

All the very best with your Volleyball in the future.

HOCKEY

HAUPOI

Last year, our team showed flashes of brilliance, but consistency remained a challenge. Their journey this season has been nothing short of impressive, a true "leaps and bounds" improvement in every aspect of their game. From sharper passes to more disciplined defense and an offensive surge that keeps opponents on their toes, their skill development is evident in every shift.

"Eat. Sleep. Hockey. Repeat."

• Their improved results this year is a testament to the power of camaraderie, relentless effort and a collective hunger for growth that has seen them transform from a promising squad into a team that is competing for a top four finish every week.

• Their hard work, positive attitude and unwavering support for one another have made this a successful year.

• *The future looks incredibly bright for this team and we look forward to growing our numbers next year and seeing what they can achieve over the coming years!*

EX-STAFF OBITUARIES

NGĀ KAIMAHI O MUA KUA RIRO KI TE PŌ

*We extend our deepest sympathy to
the extended families of the following
former staff member.*

● **DENNIS L. LITTLE TTC (2004-2010)**

- The Spotswood College Alumni wishes to extend its deepest sympathy to the extended Little family on the sad passing of Dennis in New Plymouth on 7th January aged 80.
- Dennis was an outstanding teacher of Junior English and taught fulltime in the English department from 2004-2010.
- Dennis had a special talent in helping those students who had difficulty with English as a subject.
- He was well respected by both staff and students. After retiring Dennis was a very popular bus driver and also returned as a relief teacher at the College.

RIP Dennis.

The word Alumni is used to refer to a group of people who have graduated from a high school or University

ALUMNI INFORMATION

NGĀ MOHIOHIO KI NGĀ KAIMAHI O MUA

When you complete your secondary schooling at Spotswood College you become an ex-Spotswoodian and are part of the College's Alumni.

Spotswood College opened in 1960, and currently there are approximately 20,000 ex-Spotswoodians (Alumni).

The word **Alumni** is used to refer to a group of people who have graduated from a high school or University. Males are referred to Alumnus and Females as Alumna.

Your **Alma mater** is your old **school, college** or university. It's generally used as a positive **term**, implying reverence and loyalty for the nurturing qualities of the institution. Alma mater comes from two Latin words meaning "nourishing or bountiful mother."

In 2008, a group of ex-spotswoodians formed the Spotswood College Alumni Trust in order to keep the alumni up to date with the news and successes of other alumni, and to support the College, its staff and students in the future.

The Trust is a fully registered Charitable Trust (CC24439).

There are 3 main methods that the Trust is using for communicating with the alumni.

1. ALUMNI EMAIL NEWSLETTERS

The Alumni newsletters are emailed out four times per year at the start of each term. The Alumni encourages all students to register on this database at - alumni.spotswoodcollege.school.nz

2. ALUMNI FACEBOOK PAGE

<https://facebook.com/SpotswoodCollegeAlumni/>

3. ALUMNI WEBSITE

<https://www.spotswoodcollegealumni.co.nz>

To contact the Alumni, the email address is: - spotswoodcollegealumni@gmail.com

Will Manella
O, I am Fortune's fool!

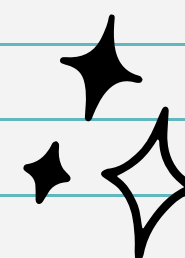

"Don't cry because
it's over, smile
because it happened"
- Dr. Seuss

2025 Spotswood Leavers

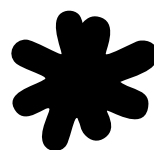

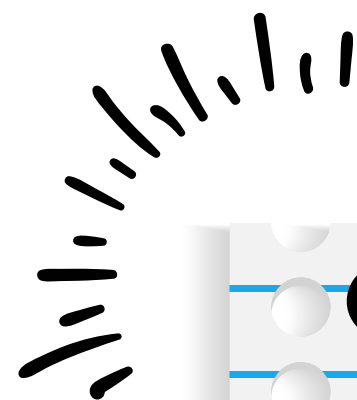

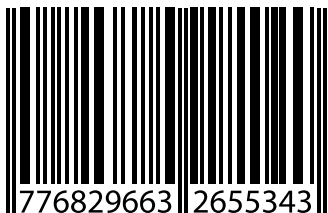

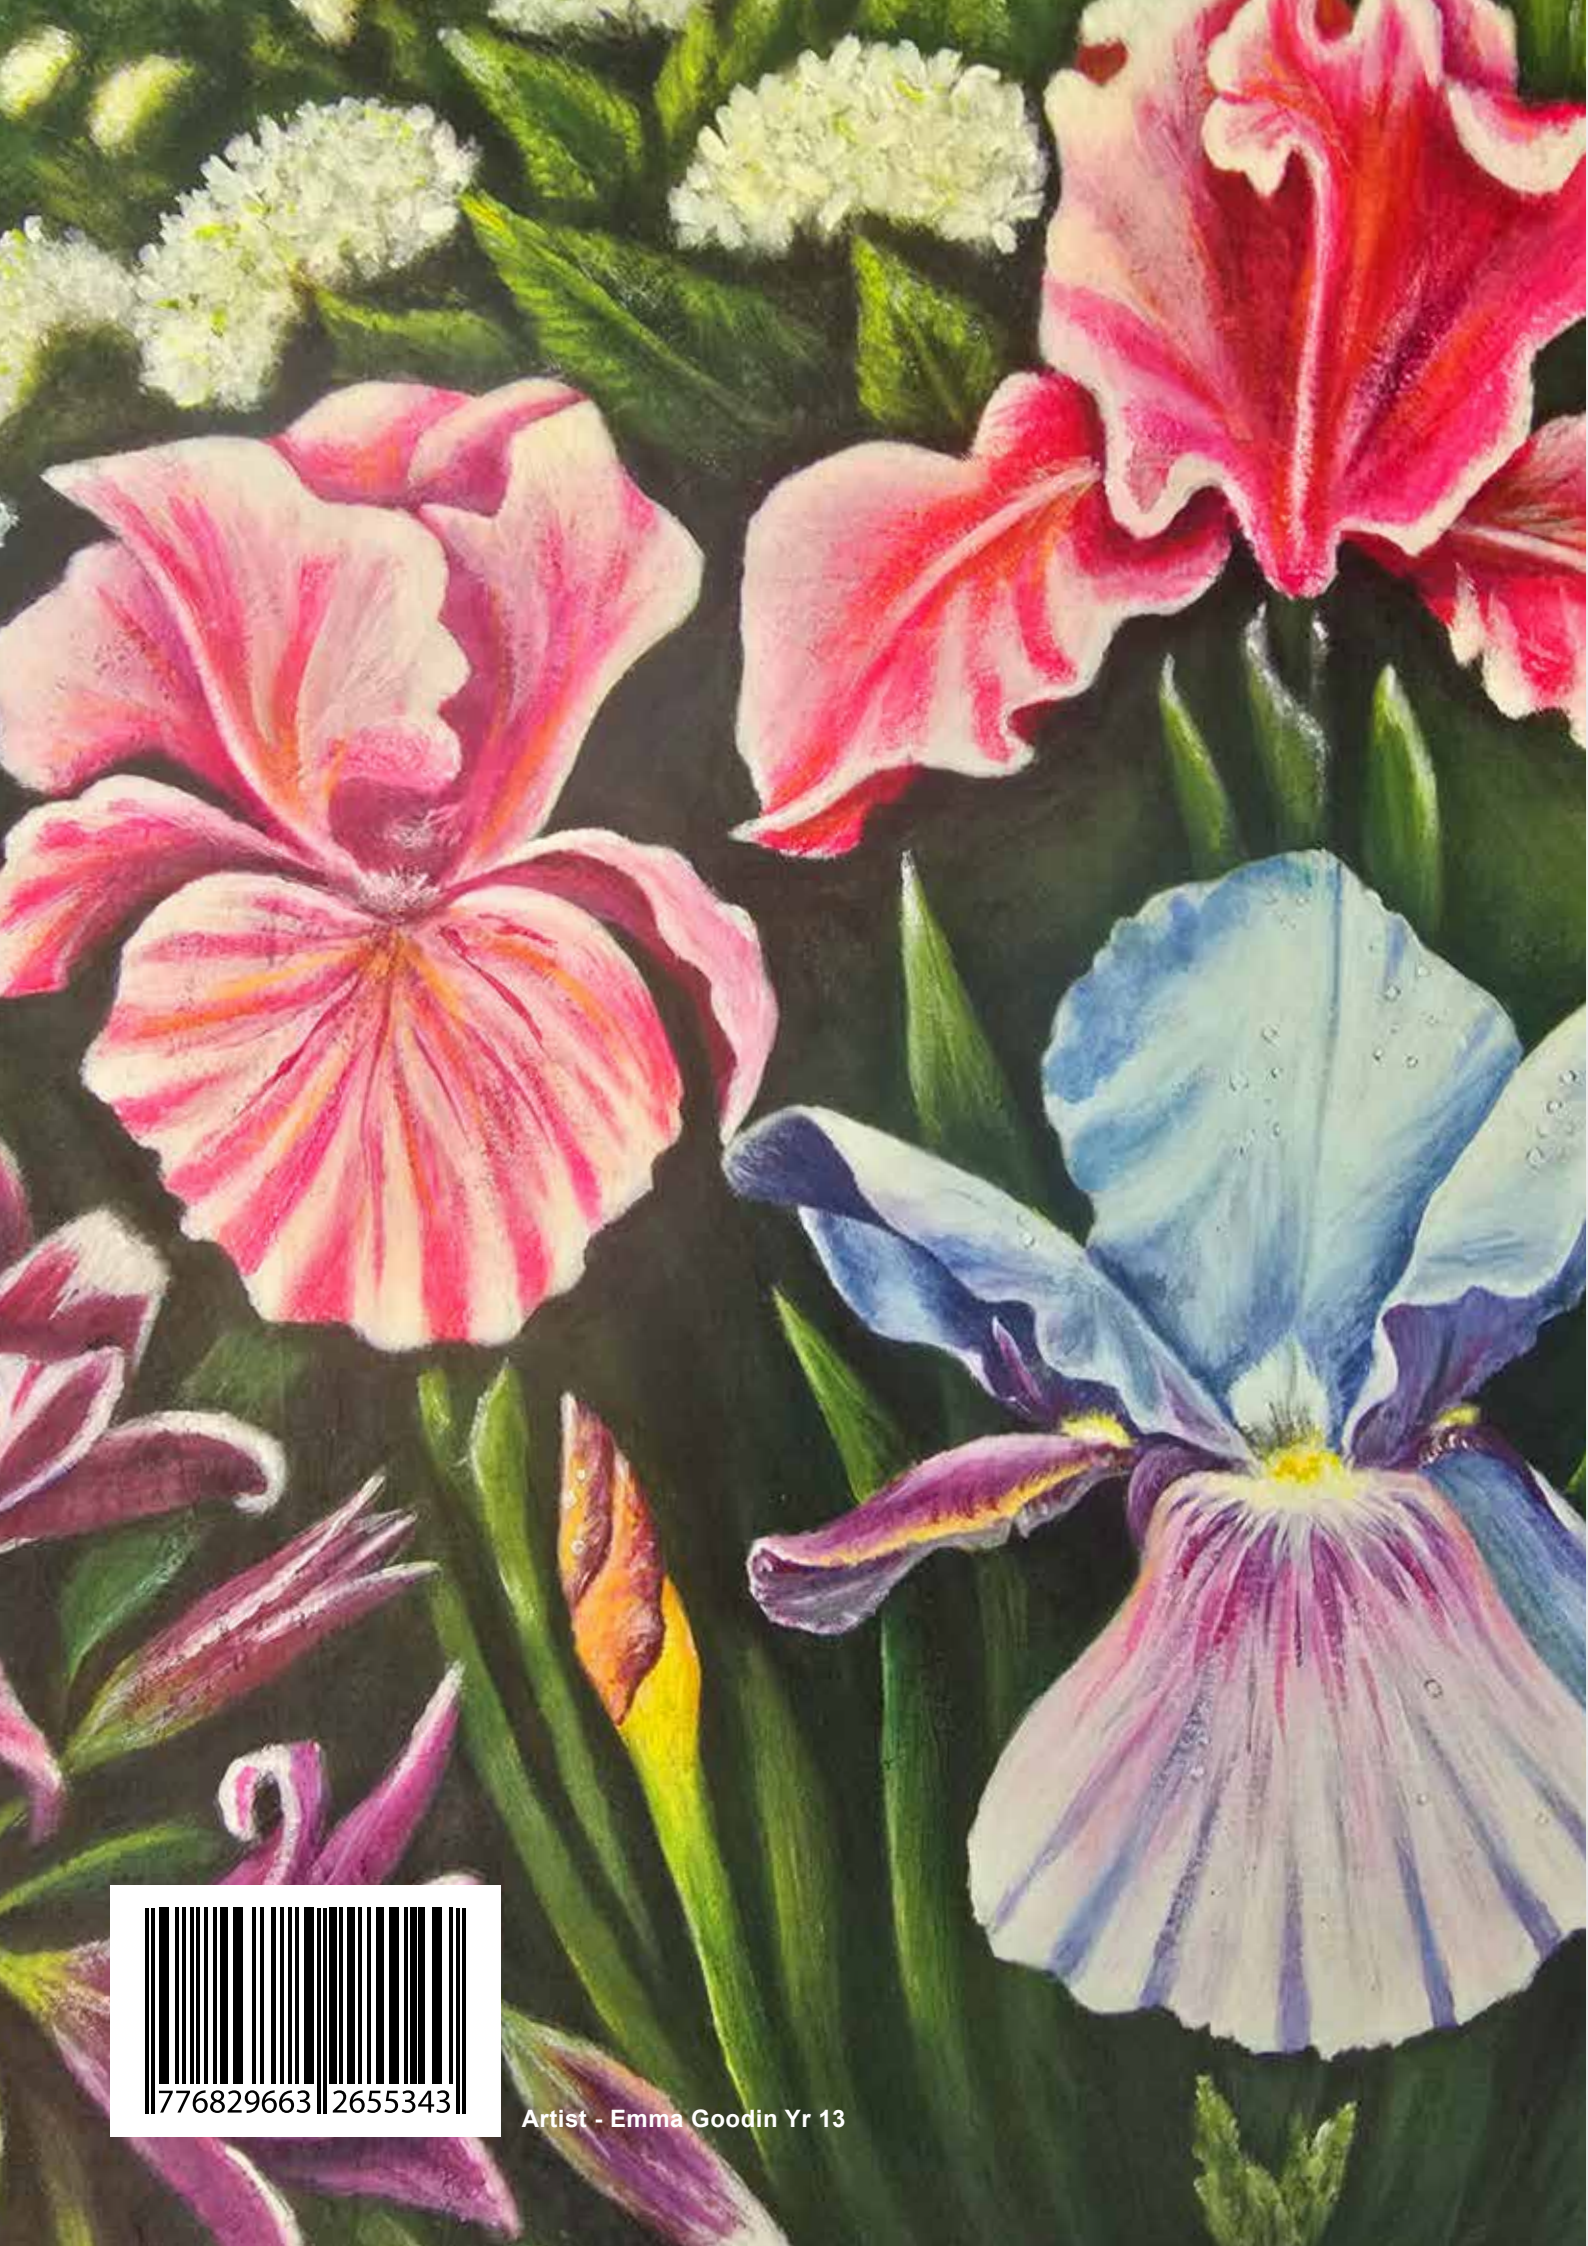

* "The future
belongs to those
who believe in
the beauty of
their dreams"
